HUNTINGDON TOWN COUNCIL
APPLICATION FOR FINANCIAL ASSISTANCE

1. Name of organisation making application.

**Friends of Stukeley Meadows School
(Registered Charity: 1020130)**

2. Name and address of correspondent (and office held).

**Katie Casey (Vice Chair) / John Wheeler (Chair)
Stukeley Meadows Primary School
Wertheim Way
Stukeley Meadows
Huntingdon
Cambs
PE29 6UH**

3. What are the objectives of your organisation?

FOSMS is a registered charity set up to raise funds for the School through organising and running events for the school community.

Funds raised are used to help the school pay for educationally based projects that fall outside what is covered by the school's allocated budget. Some examples are Christmas & Summer Fetes, Bingo & Auction Nights, School Discos, Kids on the Catwalk, Raffles etc.

4. How many members are there in your organisation? How many (a percentage will suffice) live in Huntingdon? If your organisation assists other people, how many (or %) of them live in Huntingdon?

All parents of the 400 pupils of the school are, by default, members of FOSMS. Members also include all 80 staff. The FOSMS Committee is made up of approximately 30 members and holds meetings on a monthly basis open to everyone. Given the strong community vibe of the school, FOSMS also has many associated Family & Friend active members.

5. Is membership open to any resident of Huntingdon, regardless of sex, age, ethnic origin, religion, disability or sexual orientation? If not, why not?

Membership is as described above and is limited to those directly and indirectly associated with the school.

6. Amount of grant applied for £ 9,000
(An actual amount **MUST** be specified).

7. What is the money to be used for? (You should explain clearly and simply the justification for your request and the purpose for which the money will be used). What is the total cost of your project?

The current FOSMS project is a Stukeley Treehouse. Almost every penny we raise will go towards the staged construction – located between the infant and junior playgrounds. To date we have funded 4 ‘stages’ to give the children a finished and entirely useable structure. The cost to date is just over £11,000. The next stage and for which we apply for the grant is to construct a roof on the Treehouse to enable it to be used all year round as an outdoor classroom resource. The estimated cost of this is just over £9,000 and an amount towards this cost would be greatly appreciated by FOSMS to kick start the next stage of this exciting project. The work is being carried out by Perfix Ltd, based in St Ives.

A more detailed ‘Treehouse Summary’ and ‘Roof Cost Breakdown’ is attached for reference.

8. What would be the situation if the application were refused, or granted in part only?

Should our application be refused we would continue to fundraise to meet the cost of the constructing the roof.

9. Have you applied for grant in respect of this project to any other organisation (including local authorities)? If so, to whom?

For what amount? £

What was the decision on your application? (What conditions were attached to any approval)?

Not Applicable – this is FOSMS first grant application

10. Have you applied to this Council for assistance on previous occasions? If so, for what purpose and with what results?

Not Applicable – this is FOSMS first grant application

11. When will the money be required.

As soon as possible.

12. How can the Council check how any grant allocated has been spent?

The use of all FOSMS funds is fully transparent and available for review at any stage. With regards to the Treehouse we have a detailed breakdown of every stage undertaken, including funds raised vs. expenditure.

13. Have you included the following requested information with your applications?

(a) Last set of audited accounts

Attached

(b) List of names and addresses of the Officers of your organisation (President/Chair/Secretary/Treasurer, etc.).

Attached

(c) A copy of your last annual report.

Not Applicable

14. Is there anything else you wish the Town Council to take into account when considering this application?

This is the first time FOSMS or the School has applied for a grant from Huntingdon Town Council and we deem our application and the intended use of the grant to be worthy of consideration. The Treehouse has met with extreme enthusiasm from the children and the benefits it will generate for the School will last for many years.

Should the application be approved, both FOSMS and the School will share and publicise the grant locally via the Press and within the school community.

15. If the Council approves your application, the grant will be sent to you by a cheque. To whom should this cheque be made out? (You will be required to acknowledge receipt).

Please make a cheque payable to 'Friends of Stukeley Meadows School' or alternatively by bank transfer to:

HUNTINGDON TOWN COUNCIL

APPLICATION FOR FINANCIAL ASSISTANCE

1. Name of organisation making application.

RELATE CAMBRIDGE

2. Name and address of correspondent (and office held).

Claire Nunes
Centre Director
Relate Cambridge
3 Brooklands Avenue
Cambridge CB2 8BB

3. What are the objectives of your organisation?

We champion the importance of healthy relationships. We are the leading experts in the field of relationship counselling. Relate's vision is a future in which healthy relationships form the heart of a thriving society.

42% of marriages end in divorce. 300,000 children each year are affected by marriage breakdown

Our work helps individuals, couples, families and children. We aim prevent longer term mental health or relationship problems, or to minimise the effects of relationship break down. The need for our services is ever growing as more and more relationships come under pressure. Due to demand in Huntingdon we have further increased the number of sessions we offer each week to 6 and significantly increased the number of sessions on the year before.

Through our work, aimed at helping families with their relationships, we encounter a large number of children and young people with mental health problems. By offering counselling and education we hope not only to prevent longer term illness but to also give children the best possible outcomes in life.

Children and Young People's counselling is a growing area of work for us. The service is for any young person (from the age of 5 years) who's having problems. Self harming, depression, anger, violence, disruptive and unruly behaviour, exclusions, anti-social behaviour and criminal activity, low self esteem and feelings of worthlessness are all common problems amongst our children. These children are suffering and missing out on a happy childhood, and the many challenges they face have the potential to ruin their life chances. It is clear that these children need support and talking to a Relate Children's Counsellor can help.

The advice and guidance we give to parents that are splitting up offers the best outcome where families split up. Separating well, where both parents are able to be

amicable and cooperative and fully engaged with their children, means better prospects for the whole family.

4. How many members are there in your organisation? How many (a percentage will suffice) live in Huntingdon? If your organisation assists other people, how many (or %) of them live in Huntingdon?

We do not have members. We have 38 paid staff. 15 volunteers and 9 Trustees.

We delivered over 150 appointments last year to the residents of Huntingdon Town. This represents helping 55 couples or families.

Overall we delivered 5,600 sessions across the county. An increase of 600 on the previous year.

5. Is membership open to any resident of Huntingdon, regardless of sex, age, ethnic origin, religion, disability or sexual orientation? If not, why not

Yes

6. Amount of grant applied for **£500.00**
(An actual amount MUST be specified).

7. What is the money to be used for? (You should explain clearly and simply the justification for your request and the purpose for which the money will be used). What is the total cost of your project?

The money is to be used towards our running costs specifically to support the sustainability of the outpost in Huntingdon at the local library. We have recently increased the hours there to meet demand but still have a waiting list for our services.

At this outpost we deliver our relationship counselling support for individuals and couples. Many of our clients would not be able to travel into Cambridge to access the services.

8. What would be the situation if the application were refused, or granted in part only?

We may have to scale back the operation, or close the outpost longer term.

9. Have you applied for grant in respect of this project to any other organisation (including local authorities)? If so, to whom?

For what amount? £1,500 Huntingdon Freeman's Charity

What was the decision on your application? (What conditions were attached to any approval)?

This would subsidise the services for 5 clients

We enjoyed £250 contribution in 2010 towards the costs of keeping the outpost open.

11. When will the money be required.

As soon as it is available in the next financial year. Our costs are ongoing.

12. How can the Council check how any grant allocated has been spent?

14. Is there anything else you wish the Town Council to take into account when considering this application?

We are totally reliant upon donations to run our services. Small grants like this make all the difference to us, and an award would be gratefully appreciated. Funding helps give us security and the confidence to improve our effectiveness and ensure the provision of services, needed by the Town's residents, via the voluntary sector

We meet the needs of people experiencing social and economic difficulties and ensure that there is equality of access and opportunity for all Town residents to the

services it provides and funds.

15. If the Council approves your application, the grant will be sent to you by a cheque. To whom should this cheque be made out? (You will be required to acknowledge receipt).

Audrey Gafford (Secretary to Trustees)

Pendrill Court
Papworth Everard,

3. What are the objectives of your organisation?

To help disabled people to live independently by providing:
information, advice, advocacy and support.

4. How many members are there in your organisation? How many (a percentage will suffice) live in Huntingdon? If your organisation assists other people, how many (or %) of them live in Huntingdon?

We have 151 members of whom 50 live with Huntingdon (around 33%)

5. Is membership open to any resident of Huntingdon, regardless of sex, age, ethnic origin, religion, disability or sexual orientation? If not, why not?

Yes

6. Amount of grant applied for **£ 500**
(An actual amount MUST be specified).

- What is the money to be used for? (You should explain clearly and simply the justification for your request and the purpose for which the money will be used). What is the total cost of your project?

We particularly undertake home visits for people with disabilities. We also represent Appeals against unfair decisions in the Benefits Tribunals. This is expensive work due to the travelling involved, and in preparing Appeals cases. Very few organisations in the area undertake such work.

This work is not adequately funded and a grant from Huntingdon Town Council would increase the number of home visits that could be made in the town. We are for example working in partnership with Huntingdonshire Blind Society, and they are referring their more difficult cases to us.

Our total running costs for 2016-17 will be in the region of £52,500

8. What would be the situation if the application were refused, or granted in part only?

Fewer home visits would be made since travel is expensive and time consuming and fewer people could be helped with the kind of support that requires face to face contact, e.g. letter writing, form filling and making telephone calls with the user present. (note. many agencies refuse to have telephone conversations unless the user is present). Many of our clients are not online, or have disabilities which restrict their access to telephone or online services. They also often have limited access to transport.

9. Have you applied for grant in respect of this project to any other organisation (including local authorities)? If so, to whom?

Huntingdonshire District Council has agreed to provide £19,000 for the year (subject to performance indicators including the raising of additional funds).

Cambridgeshire County Council grants has been reduced by 38 % to £6260 from £10,009.

Huntingdon MS Society has granted £4000 from 1st April this year. We have a contract with South Cambridgeshire District Council for £3000 per annum for 3 years.

We have this week been granted £5000 by the Cambridgeshire Community Foundation

We have applied to St Ives Town Council for £400.00 and we will also be making an application to St Neots for £1800.

We shall apply for and hope to obtain £5000 from the Huntingdon Freeman's Trust.

Our total running costs for 2016-17 will be in the region of £52,500 of which we currently have confirmed £37,260 (see above), and possible further funding of £7,200 (see above).

We believe that we will be able to attract more donations during the year but otherwise anticipate that we will need to use in the region of £10,000 of reserves.

This is not a sustainable option and we therefore urge local bodies to continue their support.

We are also making an application to the Big Lottery, but as with all major grant funders, the results of this remain uncertain.

10. Have you applied to this Council for assistance on previous occasions? If so, for what purpose and with what results?

Yes in 2015 Huntingdon Town Council awarded Disability Huntingdonshire £500 for similar work.

• When will the money be required.

July 2016

12. How can the Council check how any grant allocated has been spent?

We can provide income and expenditure records for the project and enquiry statistics

13. Have you included the following requested information with your applications?

- (a) Last set of audited accounts. Yes
- (b) List of names and addresses of the Officers of your organisation (President/Chair/Secretary/Treasurer, etc.). Yes
- (c) A copy of your last annual report. Yes

14. Is there anything else you wish the Town Council to take into account when considering this application?

Disability Huntingdonshire also offers support for families with disabled children or those with special needs. This is usually separately supported

through fund raising by the trustees, but over the last year, the manager has undertaken this role in addition to her usual administrative duties. This is a valuable part of our work, and much appreciated by local parents.

Up to the date of application, which is not the end of the financial year, Disability Huntingdonshire assisted Huntingdonshire residents (and a small number from the Papworth area to gain the annual equivalent in income of £288,758. When we have collected all the information for the year, this will be even greater.

In Huntingdon Town alone we gained £52,716 for residents.

This represents Value for Money for residents, and it is money which will usually feed back into the local economy.

These amounts do not reflect the great deal of other information advice and advocacy work that did not have financial outcomes.

- If the Council approves your application, the grant will be sent to you by a cheque. To whom should this cheque be made out? (You will be required to acknowledge receipt)

DISH or Disability Huntingdonshire.

We are the only charity in our area offering this unique set of free services to local families. Every week for the last 9 years volunteers have worked at Hinchingsbrooke hospital supporting staff and patients. We have worked in local schools helping teachers with PSHE classes. We offer one to one support through our "counselling" programme at the moment for post abortive women but have yet to try a group support group. We have researched such programmes and think we have found the one that will fit our demographics.

We help local GPs as we are available for them to refer patients to. We offer free pregnancy tests and time, space and information to all those finding themselves unexpectedly pregnant to help them make a decision. Whatever they decide we offer support. Our befriending service often helps source baby equipment and supplies, build a network of support or refer to other agencies.
